FREAR ON PROHIBITION | BALLINGER IS COMING SCHWERIN PROMISES PALATIAL LINERS

Mongolia Floated Sunday

HONOLULU, July 18.—The Pacific Mail liner Mongolia has been floated from the mud banks on which she grounded. She is found to have sustained no serious damage and is now reloading her cargo.

A special cablegram to Harkfeld & Co. presumably in answer to the one of inquiry sent early this morning by General Manager Schwerin of the Pacific Mail Steamship Company states that the Mongolia was floated on July 17, and an examination showed that the ship was undamaged. The Mongolia will leave Yokohama July 29, and will reach here on the 29th or 30th inst.

McINTOSH CHALLENGES THE HEAVIES

NEW YORK, July 18.—Hugh McIntosh threw a man of mystery into the pugilistic game today. He has issued a challenge to the heavyweight pugilists of the world in behalf of an unknown fighter who is to be named and trained by Jas. J. Corbett.

HEADS BOARD OF APPRAISERS

WASHINGTON, D. C., July 18.—Henderson Somerville of New York has been named as the president of the Board of General Appraisers.

ARCHITECT WILL COME LATER

Architect H. D. Whitfield who has charge of the plans for the Carnegie library to be erected in Honolulu will be in the city in about a month. He was to have come with Governor Frear on the Manchuria arriving today but was delayed in New York and will be in about a month later.

GOVERNOR HAS LITTLE TO SAY

Governor and Mrs. Walter F. Frear returned this morning on the Manchuria from a trip to the mainland during which they visited New York, Washington and New Haven in the east, and spent some time on the coast in returning to Honolulu.

Attorney General Lindsay was the only person who went out on the launch to meet the returning Governor. Mott-Smith was rather reticent in the finishing touches upon the Governor's desk and did not arrive until the big liner came alongside the dock but made good time up the gangway to greet the Governor on the promenade deck of the steamer.

Seen this morning as soon as the Manchuria made fast at Alakea wharf, Governor Frear was rather reticent in regard to his trip. In fact he had absolutely nothing to say definitely in regard to his trip east.

"Were you in Washington," was asked.

Present Law Good Declares Frear

GOVERNOR FREAR

"I am personally rather liberal in my views on the liquor question, and I believe in great liberty to the individual. There is no reason why a person who can control himself should not have liquor at any time. If it were possible to have effective prohibition it would be a good thing for the Territory."

"This was the answer of Governor Walter F. Frear this morning at his office in response to a question as to his stand on the liquor question. Continuing, the Governor said that the question had both a moral and a practical side, and that there was a great difference of opinion among people on the question.

"The body politic has to protect itself and it is a question just where the line between the maintenance of personal liberty, and self-protection

Ten thousand dollars' worth of Walala bonds were reported in the between-boards sales of the Exchange today. These were sold at 101.75, and the money secured will be invested in San Francisco bonds. This is probably one of the most unfortunately significant transactions that has come out recently and shows the tendency of money to

HAWAII LUCKY IN APPROPRIATIONS

In talking over the things that Hawaii has to be thankful for from Congress during the past few months, Governor Frear stated today that the Territory had been much better treated than places on the mainland which had more claim probably than Hawaii.

Besides the amended Organic Act which was passed, the public buildings appropriations which the Territory had received were larger than those of cities on the mainland.

He expressed the opinion that both Kuhio and McClellan had done excellent work along this line and that the allotment to Hilo was unprecedented.

MANCHURIA BRINGS FREAR

Captain J. W. Saunders for the second time greeted the quarantine, immigration and customs officials of Honolulu with the arrival of the Pacific Mail steamship Manchuria from San Francisco this morning. Captain Saunders has been assigned as an extra skipper in the service and he will undoubtedly be kept voyaging back and forth between San Francisco and the Far East as a relief to the various navigators who are granted leave of absence.

This time Captain Saunders trods the bridge formerly commanded by Captain Dixon, and declared that he would devote the time during his stay ashore in renewing the acquaintances of his family. The Manchuria brought a number

TAFT GOES CRUISING.
BEVERLY, Mass., July 18.—President Taft left today for a ten-day cruise along the coast of Maine, for his summer's outing. He is traveling on the Presidential yacht Mayflower.

SECRETARY WILL VISIT HAWAII

Sometime during the next few weeks Secretary and Mrs. Ballinger will visit Hawaii.

This news was brought to Honolulu by Governor Frear this morning who said that he talked with the Secretary of the Interior at Washington and was then informed that in company with Mrs. Ballinger he would pay a visit to the Territory during the summer.

The last time Governor Frear was in Washington Secretary Ballinger expressed a desire to come here for a visit but at that time thought he would have to go to Alaska instead.

It has now been decided that the Alaska visit will not be made this year and so Hawaii will receive the visit.

STOCK DIVIDEND OF ELECTRIC COMPANY

The prosperous condition of the Hawaiian Electric Company was shown this morning when at a special meeting of the board of directors an increase in the capitalization of the company was authorized from \$500,000 to \$750,000.

In explaining the increase in the capitalization of the company this morning J. A. McCandless stated that it was a stock dividend from the surplus that has been accumulating in the company's treasury.

Schwerin Tells Of New Boats

Pacific Mail Liners Will Be
650 Feet Long And Cost
\$3,000,000 Each

Honolulu is at the present time enjoying the benefits of as good a steamship service with the mainland as can be found between similar ports anywhere, and in voicing this opinion I coincide with the sentiment expressed by General Manager George Dearborn of the American-Hawaiian line, who not long ago visited your city and presented an array of facts and figures for the consideration of those who warmly advocate the suspension of the coastwise shipping laws as applying to Honolulu.

Such was a statement made by Vice President and General Manager R. P. Schwerin of the Pacific Mail Steamship Company, who is a passenger in the liner Mongolia and en route to the Far East and will probably extend his business tour to Singapore and Borneo.

Small Hope for Local Boat.
Mr. Schwerin offers but little encouragement to those who have hoped that at no distant date the Pacific Mail Line would place a local boat on the San Francisco-Honolulu run.

LT. BURCHFIELD IS CHARGED

This morning at the police court the case of Lieutenant Burchfield, who is charged with using threatening language, was called. Claudius H. McBride appeared for the defendant, and the prosecution asked that the matter be sent over till Monday next.

The lieutenant is at present restricted to his quarters at the Marine station, and he is not allowed to communicate with any outsiders except his attorney. It is said that Burchfield will have to face a court martial in the near future.

In connection with the statement made in the morning paper to the effect that Burchfield had had trouble with a restaurant in town over a check transaction, the following letter speaks for itself.

Mr. C. H. McBride,
Honolulu, T. H.

Dear Sir:—At your request and in order to clear up any misunderstanding or intimations that Mr. Burchfield has had financial difficulties with the Union Grill, I take pleasure in stating that I have willingly cashed many of his checks, which checks have always been paid; moreover, Mr. Burchfield's account with the Grill has always been entirely satisfactory and has been paid when due. I have no criticism to make of Mr. Burchfield as a patron of my restaurant in any way, shape or manner. Our relations have always been pleasant, and Mr. Burchfield's account at the Grill is balanced.

Very truly yours,
GEO. LYCURGUS,
Proprietor, Union Grill,
Honolulu, July 18, 1910.

UNCLE JOE IS TALKING AGAIN

EMPORIA, Kan., July 18.—Speaker Joe Cannon has completely recovered from the indisposition that caused his friends such alarm on Saturday. The Speaker is in excellent condition and made several speeches today.

Ordinary mortals would probably rather wrestle with Zynko himself than with his name.—Manchester Union.

GILMORE IS DEAD.

NEW ORLEANS, La., July 18.—Representative Gilmore died here today.

BULLETIN ADS PAY

Worcester Attacked By Moros

MANILA, July 18.—Dean Worcester, Secretary of the Interior of the Philippine Commission, had a narrow escape from being assassinated by Moros while making a tour of the southern island.

Worcester while traveling through the island of Palawan was attacked by a band of Moros armed with bolos. His bodyguard killed three of the attacking force and the others fled. Worcester was not injured.

BOARDS OF REGISTRATION

Lavin Andrews, Attorney General Lindsay and Lloyd Conkling were closeted with Governor Frear soon after his arrival today discussing the appointments to be made for the Boards of Registration for the coming year.

The naming of the Boards of Registration is one of the first things which will be taken up officially by Governor Frear as these boards must hold their first meetings on August 5. The appointments to be made are for the general election to be held in November and have no connection with the plebiscite and the members hold office for two years acting in such election.

Acting Governor Mott-Smith has been working on this list for appointments for some time and it is understood that it is practically completed.

All that is necessary now is to go over it for a final discussion and consideration and the appointments may all be made within the next forty-eight hours.

HOW YACHTS WERE STARTED

Los Angeles, July 18.—Heeling far over under clouds of canvas, the Molliou, Sweetheart and Hawaii, competitors in the San Pedro to Honolulu yacht race, poked their noses into a choppy sea today on the first stretch of their 2300 mile journey. The racers were sent away at noon.

The Molliou, the entry of the Adollian yacht club of Alameda, crossed the line first, a few seconds after the crack of the starting gun. It was followed by Hawaii, the entry of the islanders. The Sweetheart crossed last.

Both the latter vessels outfooted the northern yawl, and when the horizon hid the racers from the hundreds who had witnessed the start from the breakwater the Hawaii and the Sweetheart were more than a mile ahead of the Molliou.

A large fleet of yachts and pleasure vessels, crowded with spectators, attended the start of the race, which is the third of the biennial contests between San Pedro and Honolulu.

The winner of the race is expected to do the 2300 mile journey in better than thirteen days.

Tomorrow afternoon there will be two games of baseball at the Athletic Park, and the Waseda will play in them both. At 1:30 o'clock a combined Japanese school nine will play the visitors, and at half-past three the U. S. S. Cleveland will put a nine on the diamond to oppose the Waseda.
